

Muhammad Abdullah

PENETRATION TESTER

ABOUT ME

I focus on web penetration testing, testing web applications to find security flaws by understanding application logic, reviewing security controls, and doing hands-on vulnerability testing while continuously improving my skills.

CERTIFICATIONS

- **Web Red Team Analyst (WEB-RTA) – Cyber WarFare**
Certification ID : HV-CAPT-DVG92YR9 January 2026
- **Certified Associate Penetration Tester (CAPT) – Hack Viser**
Certification ID : 69cb8639257cd5f5 October 2025

EXPERIENCE

Cyber Security Intern

Inara Technologies | On-Site | January 2026 – March 2026

- Completed hands-on training in Linux system administration, networking fundamentals, and Docker containerization.
- Studied cybersecurity principles, access control, firewall/IDS configuration, malware analysis, and web application vulnerabilities (SQL Injection, XSS) with hands-on labs in firewall setup, and vulnerability testing.

Cyber Security Intern

Digital Empowerment Network | Remote | July 2025– September 2025

- Conducted penetration testing and vulnerability assessments in simulated cyber-attack environments to identify security weaknesses and recommend improvement measures.

CTF Organizer & Player

Self Employed | Remote | September 2025 - Current

- Organized and solved CTF challenges, focusing on offensive and defensive cybersecurity techniques.

PROJECTS

- **Authorized Phishing Awareness Campaign**
Conducted an authorized phishing simulation using Gophish to evaluate real world phishing awareness among students under academic supervision.
- **Deployment of honeypot**
Deployed an SSH honeypot using sshesame in a VirtualBox environment to analyze SSH brute-force attack behavior.

EDUCATION

Bachelor of Cyber Security

Riphah International University
Expected Complete: 2028

ACHIEVEMENTS

- Advent of Cyber 2025 (THM)
- 2nd Place Riphah CTF
- 2nd Place Islamia Bahawalpur CTF
- CTF Event Organized Riphah University

TOOLS

- Burp Suite
- Nmap
- GoBuster
- WireShark

MORE

- Hafiz-e-Quran
- 100+ Wpm Typing Speed
- Vibe Coder
